

Junior High Night Class Survey

The Yamaguchi Prefectural Board of Education would like to understand the needs for an evening junior high school for those who, for various reasons, were not able to fully attend junior high school and would like to study at a junior high school.

Therefore, we would like to give everyone an idea of the image of an evening junior high school, and would like to conduct a questionnaire about this school. We would appreciate your cooperation.

What are junior high night classes?

Night junior high schools are schools where students can receive an education equivalent to junior high school for those who seek to relearn at junior high school.

(About public night junior high schools)

- Like public daytime junior high schools, they are a part of the public school system.
- Tuition and textbooks are free of charge.
- Classes are held five days a week.
- Students study the same subjects as those in existing junior high schools.
- Classes are taught by licensed teachers from public junior high schools.
- Students will receive a junior high school diploma upon completion of all courses.

Potential Students for Public Night Junior High Schools

- Those who were unable to go to elementary or junior high school due to various reasons during the chaotic postwar period.
- Foreign nationals who have not received sufficient education equivalent to that of Japanese junior high schools.
- Those who graduated from junior high school but for some reason were unable to attend school for most of the time.
- Those who are currently unable to attend junior high school for some reason and are not able to learn enough.
